It's a game that balances exploration and character customization quite well Apart from being able to equip everything from a pitchfork to a gigantic sword, in FATE: Undiscovered Realms you can also have a pet accompany you throughout the adventure.. Being a dungeon crawler at its core, FATE: Undiscovered Realms provides the player with almost unlimited underground levels to explore.. A fun little game with a classic vibe to itFate Full Version Free Download For PcOn a closing note, FATE: Undiscovered Realms is a decent game if you're on the hunt for an RPG that can be both casual and really challenging at times.. Their structure is always new, monsters spawn at different locations and every piece of loot is randomized.. A really nice thing about the game is that its levels are procedurally generated, meaning that every time you log into the game to continue your adventures, the dungeons never look the same..
