and 4 headings in the central and south). This package applies 3.2 lbs. of product per 1,000 sq. ft.

For New Lawns: Fall is the best time to seed new lawns. Upon initial seeding use a starter fertilizer such as GreenView Starter Fertilizer. Follow starter fertilizer application instructions. After lawn has been established and mowed about 2 to 3 times (4 to 6 weeks after seeding or sodding) apply GreenView Fall Lawn Food with GreenSmart at 3.2 lbs. per 1,000 sq. ft. Do not apply to frozen turf.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk or street, back onto your lawn. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices. Check with your county or city government to determine if there are local regulations for fertilizer use.

**DO NOT HAND SPREAD.  
KEEP OUT OF REACH OF CHILDREN.**

**SUGGESTED SPREADER SETTINGS**

The above spreader settings are approximate. Suggested settings were calibrated and field tested. However, age and condition of spreader, speed of operation and evenness of terrain may require slightly different settings for desired coverage. Check your spreader on 312 sq. ft. and adjust to apply at a rate of 1 lb. of material per 312 sq. ft. (3.2 lbs. of material per 1,000 sq. ft.)
